

COVID-19 Health and Safety Protocols

Please check this page regularly for health and safety updates. Updated: 7/9/21.

The health and safety of our 2021 LIMRA Annual Conference attendees remains our top priority as we return to meeting in person. We are making preparations to hold the 2021 Annual Conference in accordance with currently applicable national government and local authority guidance, as well as working with the Gaylord Palms Resort in Kissimmee, Florida, to ensure the highest standards of safety, hygiene, cleanliness, and operational effectiveness for all participants.

This is a shared responsibility, and we ask that you partner with us by following these guidelines and procedures before, during, and after the conference to ensure your safety and the health of our staff, partners, and fellow attendees. By agreeing to attend, you understand and commit to abide by and respect these measures. We are excited to meet in person again, and we thank you for your cooperation. Detailed protocols specific to this conference will be sent to registrants in the final weeks before the meeting.

While full event details and health and safety protocols are still being finalized, you can anticipate we will follow the Centers for Disease Control and Prevention (CDC) guidelines at this year's event. We will be updating this page as the event draws closer with detailed information about what you can expect onsite at the 2021 LIMRA Annual Conference.

Be sure to check your company's and state's travel restrictions when planning to attend this event.

Please agree to the following:

Prior to Event

- Follow all state/local regulations and guidelines regarding social distancing, gathering, sanitation, and use of face coverings
- If you are aware that you have been exposed to COVID-19 in the past two weeks or if you are experiencing any symptoms, do not attend the in person event
- Follow cleaning and safety tips during your trip to maintain a safe travel environment (disinfecting surfaces, wearing a face covering)

On-site at the Event

- Adhere to social distancing protocols
- Wash hands frequently throughout the meeting
- Cover your nose and mouth when coughing or sneezing. Dispose of used tissues appropriately
- Avoid physical greetings among attendees
- Comply with pathway signage
- Self-monitor and report any symptoms to meeting organizers immediately

Post Event

- Notify event organizer if you test positive for COVID-19 up to 14 days after returning home

The Latest CDC Guidance

CDC has recently updated its travel recommendations for fully vaccinated and unvaccinated travelers. For the latest guidance, visit the CDC website for guidance on travel within the United States. <https://www.cdc.gov/coronavirus/2019-ncov/travelers/travel-during-covid19.html>

How to Prepare for Air Travel

Your airline is the best source for personal safety protocols at the gate and on the airplane. Be sure to visit your airline website the week you are traveling and sign up for notifications related to your trip. The Orlando International Airport (MCO) website has a Coronavirus Information page that is updated with information and what travelers should expect when arriving and departing from Orlando International Airport. <https://orlandoairports.net/>

What You Can Expect From the Hotel & Meeting Experience

(Subject to change based on current environment and local regulations at the time of event.)

Gaylord Palms Resort has implemented a variety of new protocols and elevated practices, in response to the COVID-19 pandemic and kept up with high standards of cleanliness and a commitment to providing excellent service. Learn more about how the Gaylord Palms is taking care of you. <https://gaylordhotelsclean.marriott.com/>
