Current Research

[Bancassurance: Stories of Success](#)

Learn about key drivers of program success in this new report. It is the latest installment of our ongoing bancassurance research, which started in 1997 with *The European Bancassurance Experience – Lessons for North America*.

[What's on the Minds of Executives](#)

Have executives' priorities changed since we last asked in 2015? Find out the business challenges worrying executives around the world, and market changes impacting their business. These key findings will be followed by a comprehensive report.

[Disruption With a Capital "D"](#)

This white paper helps you think about — and prepare for — the ultimate threat to the future of your business: disruption. It will help you answer the questions “What is disruption?,” “Where does it come from?,” and “What can my company do about it?”

Upcoming Research

[Bancassurance: Growth Opportunities](#)

Following *Bancassurance: Stories of Success*, this report identifies strategic and tactical actions insurers can pursue to successfully grow their bancassurance program.

Retirement In Asia

After researching the retirement landscape in Mainland China, we have teamed with the Society of Actuaries once again to identify trends determining the future of retirement in eight additional markets in Asia.
