Sample Questions

Please choose the option that best describes your experience in positions that require doing many things at once.

- No experience — I have never had a job that required doing several tasks at once
- Little experience — I have had a job that required doing two things at once, such as entering data into a computer while talking
- Moderate experience — I have had a job that required doing more than two things at once, such as filling a customer's order while using a computer and entering data
- Much experience — I have had a job that required doing many things at once, such as entering data in a computer while talking, completing paperwork, and going through multiple channels to fulfill a customer's needs
